

Baby Memorials

**Hilton
STUDIO**

A selection of possible bespoke illustrations

Childrens Book of Remembrance

At a time of bereavement it is natural to quietly remember and express personal feelings. In response to growing recognition of a need to provide a memorial specifically for still born, neo-natal and very young babies, Hilton Studio now offer a specific Book of Remembrance and associated miniature books and cards.

The book is available full bound in leather with a gold-tooled cover or as a loose leaf binding enabling pages be sent for inscribing. Usually the book is bound measuring 14" x 11" closed, however as each is individually hand-made, books may be made to your own requirements.

Miniature Cards & Books

Hilton Studio provide permanent and personal memorials in the form of miniature books and cards. These can compliment a Babies Book of Remembrance or as a stand alone memorial in their own right.

The books are hand bound in white leather with blank pages to receive inscriptions and illustrations. They are presented in a hand-finished presentation box (actual colour may vary).

The baby memorial card has a teddy bear gold blocked on the front with a bow which can be painted blue or pink. They are presented in a quality envelope.

The calligraphy within both products is written in grey, providing a softer look to reflect the sensitive nature of the inscription.
