Leather Recordia Schemes

Leather Recordia schemes are available in a number of formats and are individually designed to suit the requirements of each location.

Frames can be manufactured in a range of timbers, steel, Corian and extruded aluminium. Finishes are clear lacquer for timber frames, polyester coating for steel, or polyester powder coating for aluminium and various colours and patterns for Corian.

Frame sizes and capacities can be varied according to available wall space and may accommodate single or multiple columns of plaques. Access to plaques for the purpose of addition or removal is usually by means of removable top rail which is generally secured by means of window security fittings.

Recordia plaques are available as single or double units with standard dimensions. Inscriptions are gold blocked on to leather and comprised of a name line of up to 18 characters and two further lines of up to 30 characters (single), or two name lines and four further lines (double). Double plaques may also feature a badge, flower etc alongside the wording.

SHEILA MAYNARD ELSON
Dearly loved daughter, sister & aunt
1952 - 2002. Forever in our thoughts.

Single 290mm x 55mm

DOUGLAS H. BRIDGEMAN
11th June 1927 - 17th January 2000
A wonderful husband, dad, grandad
and great grandad
Always in our thoughts
Today and everyday

Double 290mm x 110mm

Frames can be provided with blanking panels or alternatively blank Recordia panels. All Recordia schemes are supplied with a small number of fictitious plaques that may be displayed from day one in order to demonstrate the finished appearance.
