Triptych

A New Memorial

A sensitive and less prescriptive way for bereaved relatives and friends to remember their loved ones, taking inspiration from medieval art in the form of the Triptych ('trip-tick').

Choice of :

Personal Photographs
Five Colours
Memento Pocket Option
- with suede books only,
for your cards &
keepsakes
Bespoke Layouts

The modern form now offered is a bi-fold memorial folder having three panels made in high quality faux suede or smooth leather.

These may carry a digitally reproduced photograph, an illuminated inscription or poem rendered by our artists, or a memento pocket which may be used to retain small keepsakes.

The panels are specified on the order form supplied and a high level of flexibility in the arrangement of the panels is provided for.
